

**Client Relationship Summary
Claro Advisors Inc. (CRD# 160294)**

Introduction

Our firm, Claro Advisors Inc., is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?
Services: We offer investment advisory services to retail investors. These services include investment management and financial planning. We may also offer investment management or financial planning as a stand-alone service. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.
Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds ("ETFs"), stocks, bonds, options, non-traded REITs, margins, digital assets, and unaffiliated money managers in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.
Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.
Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.
Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's Investment Adviser Public Disclosure Page .
Conversation Starters: <i>Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i>

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?
Asset-Based Fees: For investment management services, we charge an investment advisory fee based on a percentage of the value of the assets in your managed portfolio account. Increasing the assets in your family relationship will typically cause us to receive a larger fee while possibly lowering your rate as a percentage of assets. Our asset-based fees for investment management range between 0.50% to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. Financial planning and consulting services may be provided in connection with or as part of the investment management services for no additional fee.
Hourly Fees: Our hourly fees for financial planning and consulting services are at a rate of up to \$300 per hour. We collect fees in a single installment. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.
Fixed Fees: Our fixed project-based fees for financial planning and consulting services are based on the expected number of hours to complete the engagement at our hourly rate described above. We collect fees in a single installment. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services. Our fixed annual fees for financial planning range up to \$6,500 per year. This fee is collected on a quarterly basis and is negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. In certain instances, we charge a fixed project-based fee for estate planning, which ranges from \$500 to \$2,500. We collect fees in a single installment.
Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

When deemed to be your best interest, we may recommend that you invest in private funds where we serve as an Advisor. We are financially incentivized to recommend that you invest directly into these funds over other private alternatives that you source on your own, as we are entitled to asset based fees for assets placed in the funds, but will not receive any additional revenue for the management of the fund.

Some of our financial professionals are licensed as insurance agents. In addition to our services, your financial professional may offer you insurance products in their separate capacity as an insurance agent. The fees charged for the implementation of insurance products are separate from our advisory fees, where your financial professional will earn commission-based compensation for the implementation of an insurance product. Therefore, there is a financial incentive to recommend that you implement insurance through our financial professionals.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue generated from the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Yes. You can visit [Investor.gov/CRS](#) for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information

You can find additional information about our investment advisory services by viewing our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#) or by visiting [www.claroadvisors.com](#). You can request up to date information and a copy of our client relationship summary by contacting us at info@claroadvisors.com or (800) 604-2838.

Conversation Starters: *Who is my primary contact person? Is he or she a representative of an investment advisor? Who can I talk to if I have concerns about how this person is treating me?*
